

Furniture Hardware

Cabinet fittings. Assembly details.

12 selected product families

PVC Edge Banding & PVC Foam Board

Core JINYOU products, supported by decorative surfaces, adhesives and selected furniture hardware.

Find the right fitting

Use the JY-HW inquiry references to identify a product family. They are catalog navigation codes, not manufacturer model numbers. Final dimensions and materials are confirmed against a drawing or sample.

JY-HW-01	Cabinet Push-to-Open Latches	03
JY-HW-02	Furniture Cam Lock Connectors	04
JY-HW-03	Cabinet Shelf Supports	05

Selection, sampling and order details

RFQ checklist: page 15 | Contact JINYOU: page 16

Cabinet Push-to-Open Latches

Push-to-open latches for handleless cabinet doors. The selection includes cylindrical plungers, surface-mounted housings and matching mounting plates. Match the latch to the door gap and hinge action before assembly.

INQUIRY REFERENCE

JY-HW-01

SELECTED SIZE REFERENCES

Confirm with drawing

Fit and selection

Confirm body length, opening travel, door gap, fixing holes and hinge compatibility. No universal cycle-life rating is stated.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Furniture Cam Lock Connectors

Cam locks and connecting bolts for knock-down cabinets, wardrobes and panel furniture. The catalog shows cam families for 10, 12 and 15 mm drilling, with several bolt and sleeve designs. Components must be selected as a compatible set.

INQUIRY REFERENCE

JY-HW-02

SELECTED SIZE REFERENCES

10 / 12 / 15 mm

Fit and selection

The figures refer to cam drilling families, not board thickness. Confirm drilling depth, edge distance, bolt length and insert fit.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Cabinet Shelf Supports

Shelf fittings for removable cabinet shelves, including cam-style supports and straight metal pin assemblies. Straight-body references are shown in 6, 8 and 9 mm families; the cam fittings use their own drilling layout.

INQUIRY REFERENCE

JY-HW-03

SELECTED SIZE REFERENCES

6 / 8 / 9 mm

Fit and selection

Match pin, sleeve, shelf thickness and hole layout. Load capacity depends on the complete shelf and cabinet assembly; request project-specific confirmation.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Plastic Cabinet Handles

Plastic pull handles for cabinet doors and drawers. The selected black handle has a 96 mm fixing-center reference, while the decorative range includes several shapes and colors. Use a sample to match the furniture finish.

INQUIRY REFERENCE

JY-HW-04

SELECTED SIZE REFERENCES

96 mm

Fit and selection

96 mm is fixing-center spacing for the selected reference, not overall length or a size shared by every handle. Confirm screw length for the door thickness.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Adjustable Furniture Leveling Feet

Threaded leveling feet for furniture and cabinet bases. The selection shows M6, M8 and M10 thread families with different round pads and finishes. Choose the stud and base together to suit the furniture frame.

INQUIRY REFERENCE

JY-HW-05

SELECTED SIZE REFERENCES

M6 / M8 / M10

Fit and selection

Confirm thread pitch, stud length, pad diameter and adjustment travel. Thread size alone does not establish a load rating or corrosion resistance.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Furniture Casters

Twin-wheel furniture casters with plate, threaded-stem and bracket mounting options. Selected references use nominal 1, 1.25, 1.5 and 2 inch series, with brake and non-brake variants. Confirm the exact wheel and installed height from the chosen drawing.

INQUIRY REFERENCE

JY-HW-06

SELECTED SIZE REFERENCES

1 / 1.25 / 1.5 / 2 in

Fit and selection

Nominal inch labels are series names, not exact measured diameters. Confirm floor type, load per caster, plate holes or stem thread, and brake clearance.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Cabinet Ventilation Grilles

Round ventilation inserts and rectangular grilles for cabinet panels, shoe cupboards and storage furniture. The catalog includes rectangular aluminum grilles in 50 and 80 mm width families, plus separate round metal and plastic designs.

INQUIRY REFERENCE

JY-HW-07

SELECTED SIZE REFERENCES

50 / 80 mm

Fit and selection

50 and 80 mm apply to rectangular width families, not the round photographs. Confirm cutout, outer flange, panel thickness and required open area. These are not fire dampers.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Desk Cable Grommets

Round cable-hole covers for desks, worktops and office furniture. Plastic and alloy references include 35, 50, 53, 60 and 80 mm series; split covers and flexible cable outlets are shown. Size availability varies by construction.

INQUIRY REFERENCE

JY-HW-08

SELECTED SIZE REFERENCES

35 / 50 / 53 / 60 / 80 mm

Fit and selection

Confirm the required desk cutout separately from the visible cap diameter, plus cable bundle size and insertion depth. These are passive covers, not electrical outlets.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Cabinet Corner Brackets

Right-angle furniture fittings for cabinet carcasses, back panels and assembly joints. The selected range includes open plastic corner blocks, covered fittings and metal brackets. Choose the fixing pattern and cover style for the joint.

INQUIRY REFERENCE

JY-HW-09

SELECTED SIZE REFERENCES

Confirm with drawing

Fit and selection

Confirm leg dimensions, screw-hole spacing, material and screw type. Furniture brackets are not automatically suitable for structural or safety-critical mounting.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Wardrobe Rail Supports

Rail sockets and flanges for wardrobe hanging systems. Round and oval receiver shapes, open supports and screw-fixed bases are included. Match the support to the actual rail profile rather than selecting by appearance alone.

INQUIRY REFERENCE

JY-HW-10

SELECTED SIZE REFERENCES

Confirm with drawing

Fit and selection

Provide rail diameter or oval section, mounting-hole layout, rail span, finish and intended load. Confirm whether intermediate supports are required.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Furniture Hole Cover Caps

Snap-in plastic caps for unused cabinet drilling and visible furniture holes. The selection includes small connector-hole caps and larger cover sizes. Black, white, gray and decorative color references allow matching to the panel finish.

INQUIRY REFERENCE

JY-HW-11

SELECTED SIZE REFERENCES

5 / 6 / 8 / 10 / 12 / 13 / 14 / 15 / 35 / 38 / 40 / 50 mm

Fit and selection

Listed sizes are selected catalog references, not a continuous range. Confirm insertion diameter, outer cap diameter and depth separately; colors are confirmed by sample.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Nail-On Furniture Glides

Nail-on glides for wooden chair, table and cabinet feet. Round pad references include 11, 14.5, 15.8, 19, 20 and 22.6 mm; two-pin rectangular variants are also shown in the selection. Choose a pad suitable for the foot and floor.

INQUIRY REFERENCE

JY-HW-12

SELECTED SIZE REFERENCES

11 / 14.5 / 15.8 / 19 / 20 / 22.6 mm

Fit and selection

Confirm pad diameter, pad height and nail length. Test on the actual flooring and timber; no universal scratch-free or anti-slip guarantee is implied.

Send this reference with dimensions, quantity, finish and destination. Price, MOQ and lead time require confirmation.

Product photos are selection references. Confirm the current sample before ordering.

Prepare a clear inquiry

Product	JY-HW reference, selected photo or marked drawing
Dimensions	Hole or cutout size, spacing, thickness and installation depth
Material / finish	Metal or polymer requirement, finish and approved color sample
Application	Cabinet, shelf, wardrobe, desk or furniture base
Quantity	Quantity for each reference; do not combine different items
Packaging	Pieces per bag or carton, labels and accessory sets required
Destination	Country, destination port and requested shipment arrangement
Documents	Required material, load, cycle or corrosion testing for the model

Sample first. Confirm in writing.

Confirm fit and finish on a sample before a bulk order. Request the applicable material, dimensional, load, cycle or corrosion test documents for the chosen model and destination. This selection catalog is not a test report or certification.

This is a curated selection, not a translation of every source-catalog item. Photos identify styles; they do not establish load, durability or certification claims.

Let's match the details.
